ACURA

MDX

INSPIRED BY THE STANDARDS OF MANKIND

INSPIRED BY THE STANDARDS OF MANKIND

To build one of the world's smartest sport utility vehicles, we pushed ego aside, abandoned the familiar, even the good enough, and reimagined what an automobile should be. And what it should be is an elegant machine purposefully designed to encourage your endeavors.

NICE TO SEE YOU AGAIN

Approach the MDX with the key in your pocket, and it initiates a welcome sequence worthy of an honored guest.

01

REMOTE START

Use the key fob to start the engine from up to 328 feet away. In addition to warming up the engine, it adjusts interior climate to a perfect 72 and sunny.

02

LED PUDDLE LIGHTS

In a dark parking lot, the Technology Package allows a welcoming glow to emanate from the side mirror, illuminating the door, handle and ground below.

03

COMFORT SEQUENCE

As you touch the handle, the driver's door unlocks and blue ambient light radiates from within. The driver's seat and climate control automatically adjust to your preferred settings.

04

ON YOUR WAY

By the time you're in your seat, the engine's warmed up, your customized audio, navigation and phone settings are engaged and you're ready to go.

MDX shown with Advance and Entertainment packages

COMMAND AND CONTROL

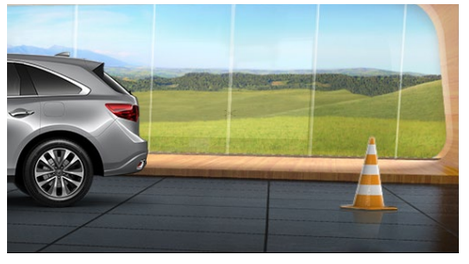
It's a private, first-class cabin reserved for your family, colleagues and, when needed, a few members of your kid's soccer team. With perfectly placed controls and effortlessly viewable monitors, your passengers might respectfully refer to you as Captain.

STEERING WHEEL CONTROLS

With a few simple movements, you can activate audio options and voice recognition, and more technical systems like available Lane Keeping Assist System (LKAS)[59] and Adaptive Cruise Control (ACC) with low-speed follow[53]. Use the rotary controls to scroll the Multi-Informational Display (MID) or adjust the music volume. Left and right toggles add even more functionality. Your thumbs have rarely wielded greater power.

MULTI-VIEW REAR CAMERA[50]

Engage "Reverse" and let the show begin. Choose Normal, Wide-Angle or Top-Down view. Dynamic guidelines will help keep you on track.



Information Provided by:
DEALER E-PROCESS

YOUR INPUT IS APPRECIATED

Acura's On Demand Multi-Use Display™ (ODMD™) is the definitive touch-screen interface. Featuring a hand-level screen that is separate from the eye-level display-only screen, the ODMD™ has been designed for even greater functionality and ease of use. The system lets you manage audio, climate, navigation (if equipped) and vehicle information from intuitively positioned buttons.

MDX shown with Technology Package

RIGHT IN YOUR COMFORT ZONE

WHAT'S YOUR DRIVER PROFILE?

Whether you're six-three or five-one, the 10-way power adjustable driver's seat with four lumbar settings will place you in the perfect position, allowing optimum control and comfort. Dual user memory settings let two drivers feel right at home. Available heat, ventilation and indulgent perforated leather can even make rush hour be relaxing.

THE CAPACITY FOR MORE

Because everyone can use a little more personal space.

01 Rest your arm and your smartphone. Rubber grips keep devices from slipping away.

02 Slide it back to reveal voluminous storage, enhanced by a power socket and USB[7] port.

03 Lift the lid to access a small cargo tray—perfect for a phone, notepad and pen.

04 Raise the tray to uncover hidden storage for a purse and small laptop.

DEALER E-PROCESS

FIRST-CLASS SECOND ROW

There’s nothing second-rate about the second row. Available heated seats, an abundance of legroom and topflight entertainment options mean no one will complain about riding back here.

SUNSHADES

Slide-and-hook sunshades on both second-row windows mean sunglasses are optional.

CLIMATE CONTROL

Second-row passengers make their own decisions about hot and cold. It’s a high-tech version of rolling down the window.

LIMO MODE

Should you find yourself ferrying the star center on the varsity basketball team, an easily accessible lever allows the entire second row to slide back two more inches.

MDX shown with Advance and Entertainment packages

WIDE SCREEN

A 16.2" ultrawide display—part of the Advance and Entertainment Packages—puts feature films front and center.

SPLIT SCREEN

Simply put, the two in the backseat needn't agree on what to watch.

IT'S SHOWTIME

Put up the sunshades and cue the music. The second row transforms into a home theater in motion. Complete with wireless headphones and compatible with most electronics—from smartphones and video cameras to HDMI devices and Xbox 360—this available entertainment system removes "*Are we there yet*?" from the lexicon.

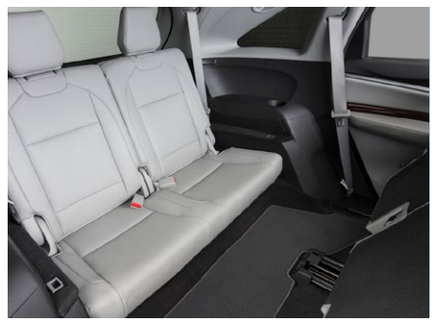
MDX Shown with Advance and Entertainment Packages

ACCESS – ALL AREAS

Looking at the MDX from the outside, it seems impossible—incredible, actually—that it could host a third row. But it does. And it's not only comfortable, it's roomier and more accessible than ever. Cargo volume has increased to 90.9 cubic feet[47]. There's even designated space for a one-gallon milk jug.



ONE-TOUCH WALK-IN

Just touch one illuminated button, and the second row slips forward, revealing an entryway three times larger than that of the prior generation MDX. It's so easy a four-year-old can do it.

Four kids, book bags, a guitar and plenty of space for everyone to get along.

Information Provided by:
DEALER E-PROCESS

ACCESS – ALL AREAS

Looking at the MDX from the outside, it seems impossible—incredible, actually—that it could host a third row. But it does. And it's not only comfortable, it's roomier and more accessible than ever. Cargo volume has increased to 90.9 cubic feet[47]. There's even designated space for a one-gallon milk jug.

THIRD-ROW SET-UP

One lever on each seatback lets you easily lift the rear seats. Add four inches of additional legroom by simply sliding the second row forward. When it's time to drop the third row to make room for cargo, one lever quickly collapses the head restraints.

Hockey players wear lots of protective gear, thankfully. Over 90 cubic feet[47] of flat storage provide ample space for equipment.

LIFE IS A JOURNEY
ENJOY

The 2015 MDX is, perhaps, the most perfect road trip car ever developed—whether you're spending a weekend at the coast with friends or heading over the river and through the woods to grandmother's house.

HIDDEN STORAGE

Acura engineers created a hidden storage space behind the third row. Not to say that whatever you hide there needs to be valuable, as it perfectly fits an umbrella and pair of hiking boots.

GRAYSTONE EUCALYPTUS PARCHMENT EBONY

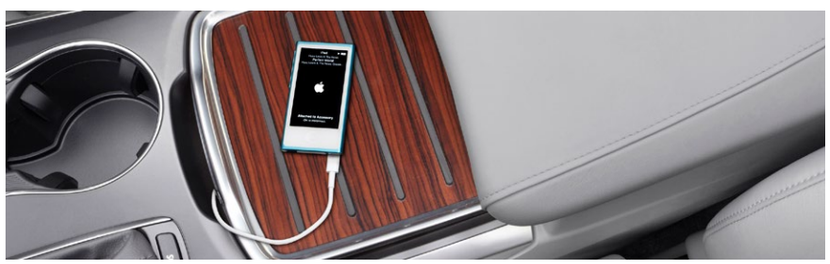
DEALER E-PROCESS

BEAUTY LIES WITHIN

LISTENING IS A GATEWAY TO ALL THINGS GOOD

12 SPEAKER ELS STUDIO® AUDIO

GRAMMY® Award-winning recording engineer Elliot Scheiner tuned the available ELS Studio®[32] Premium audio systems. His goal: Make music sound as good in the MDX as it does in the studio. With up to 12 perfectly positioned speakers, we'd say he succeeded. Audiophiles agree. Completely.



MUSIC APPRECIATION

The sound is gorgeous, the possibilities endless. Go wireless with *Bluetooth*®[11] streaming audio, launch Pandora®[45] or Aha™ from your smartphone. Plug in your iPod®[8] or tune SiriusXM® Satellite Radio[4] to the financial news. Use the available Song by Voice®. Even go old school and pop in a CD. Surrounded by sound, you'll never miss a beat—or a market blip.

REFINEMENT ON THE ROAD
AND OFF THE GRID

MDX SH-AWD shown with Advance and Entertainment Packages,
Accessory Rear Sport Bumper Trim and Advance Running Boards

SUBTLETIES
CAN SPEAK LOUDLY

Discretely utilitarian, the MDX carries features and advantages that make every day less complicated.

SIDE MIRRORS

Heated and auto-dimming side mirrors on the Advance Package remove condensation beside you and bright lights behind you.

PARKING SENSORS

Front and rear sensors available with the Advance Package alert you when you're closing in on an obstacle. Parallel parking is always easier with a copilot.

LOW AND SLENDER

The MDX's platform and chassis give it a low, sleek profile. Nice to drive and nice to look at. And while smaller on the outside than the previous generation MDX, it's noticeably larger on the inside.

MDX SH-AWD shown with Advance and Entertainment Packages

EYES THAT CAN LIGHT UP THE WORLD

The Jewel Eye™ LED headlights are stunning—carving out their own space in the MDX profile. Brighter, whiter and longer-lasting than traditional halogen or High-Intensity Discharge (HID) headlights, they cast a long, wide, precisely focused beam far into the future. Around the MDX, a chorus of LED lights illuminates the rest of the story.

PERSISTANCE
SHAPES OUTCOMES

Next door to MDX development headquarters in Raymond, OH, is our new state-of-the-art wind tunnel. Hundreds of tests allowed Acura engineers to exquisitely manage airflow over, under and through the MDX. Aero-sculpted contours, exceptional fuel efficiency and a much quieter ride are the result.

IN DEFENSE OF PLAYING QUIETLY

To lessen road, wind and mechanical noise, every affecting component has been analyzed. More than simply nullifying sound, the MDX creates an acoustic balance that hushes a clamorous world.

ACOUSTIC MATERIALS

Noise-dampening materials are found not only in the roof and body panels, but also in the wheel wells, cargo floor and inner fenders.

TRIPLE DOOR SEALS

Three levels of defense—starting with seals between the door and fender and ending with seals between the door and interior—keep wind at bay.

FREQUENCY CANCELLATION

The wheels, for example, were stiffened to create a higher frequency than the tires. The same principle was applied to the body panels and subframe.

ACOUSTIC GLASS

The MDX windshield and front side windows are made of acoustic glass—a sound-canceling laminate sandwiched between two other pieces of glass.

Information Provided by: DEALER E-PROCESS

EXHILARATION
NEEDN'T BE RESERVED FOR SPORTS CARS

Compared to the prior generation, a new chassis and redesigned rear suspension make one of the world's best-handling luxury SUVs perform even better. Balanced, poised (and incredibly fun to drive), the MDX feels solidly planted in every driving environment.

SUSPENSION

The mounting rigidity of the suspension and rear suspension geometry inspire confidence in every driver, helping maintain vehicle composure even during hard cornering.

DAMPERS

The Amplitude Reactive Damper serves a dual purpose: A soft spring smoothes out small pavement irregularities like raised lane markers, while a firmer spring minimizes body movement.

CHASSIS

Everything about refined performance starts with the stiff, lighter chassis. It increases ride comfort, reduces road noise and improves steering precision.

NÜRBURGRING

Trips to Germany's storied, challenging Nürburgring racetrack pushed MDX to the limit—and shaved eight seconds off the previous MDX lap record.

Information Provided by:
DEALER E-PROCESS

THE BALANCE OF POWER

An automobile's internal combustion engine is a work of art. It captures an explosion and then uses the power for good. In the case of the MDX, it is particularly good, as in class-leading mpg rating good[38].

3.5L i-VTEC® V-6

The powerplant is a beautiful fusion of strength and efficiency. 290 horsepower paired with a perfectly executed 6-Speed Sequential SportShift transmission, you'll see why we chose to offer the MDX with paddle shifters.

18	27	21	SH-AWD MPG[38] RATING
20	28	23	TWO-WHEEL DRIVE MPG[38] RATING

DIRECT GAS INJECTION

Consider it fuel injection perfected. Direct Gas Injection sends fuel directly into the cylinder via a multi-hole injector. The process not only increases power, but efficiency as well, allowing higher compression and the combustion of a more precise fuel/air mixture.

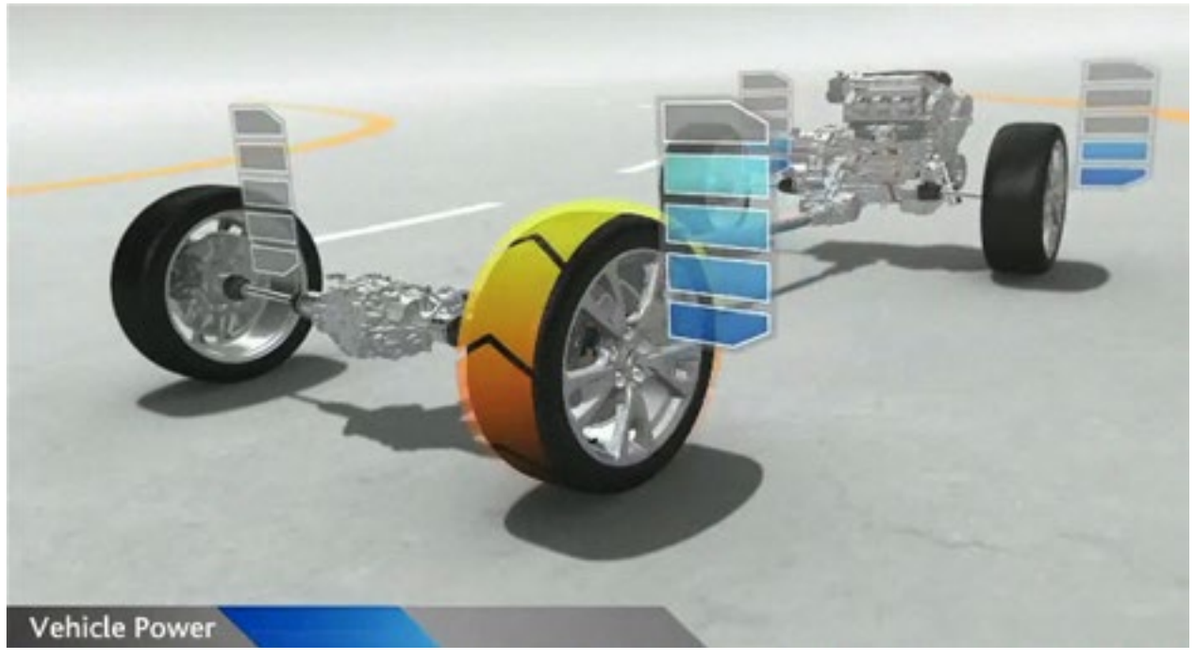
VARIABLE CYLINDER MANAGEMENT

On the freeway at 60 mph, the engine easily propels the MDX using just three cylinders. Accelerate to pass an eighteen-wheeler, and Variable Cylinder Management™ (VCM®) seamlessly fires all six.

AS WITH MOST GREAT PRODUCTIONS, THE IMPORTANT WORK OFTEN HAPPENS BEHIND THE SCENES

It does much, so you can do less. Advanced engineering on the MDX helps make you a better driver. And most of the time, you won't even know it's happening.

MDX shown with Technology Package and Accessory Roof Rails



SUPER HANDLING ALL-WHEEL DRIVE

Available Super Handling All-Wheel Drive™ (SH-AWD®) is designed to enhance high-performance dry-road handling while providing the same all-weather advantages of conventional all-wheel drive.

INTEGRATED DYNAMICS SYSTEM

Whether to fit your driving style or simply your mood, three driving modes are available at the push of a button—Comfort, Normal and Sport. All three modes alter steering feel, but Normal and Sport modes also adjust throttle response, engine sound and, if equipped, SH-AWD® performance. The key fob remembers your preference and reveals it on the Multi-Information Display.

AN ENLIGHTENED PERSON KNOWS TEAMWORK IS INDISPENSABLE

The MDX inspires confidence by reassuring the driver, "You're not in this alone." State-of-the-art technology, including multiple cameras and available radar systems, helps track events unfolding around you. When something out of the ordinary occurs, the MDX can warn you and even take corrective action.

LANE KEEPING ASSIST SYSTEM

Momentarily distracted, you begin to drift out of your lane. It happens to every driver occasionally. The available Lane Keeping Assist System (LKAS)[59] can help steer you back into your detected lane.

+ FORWARD COLLISION WARNING
+ COLLISION MITIGATION BRAKING SYSTEM
+ LANE DEPARTURE WARNING
+ ADAPTIVE CRUISE CONTROL WITH LOW-SPEED FOLLOW

MDX shown with Advance Package

AN ENLIGHTENED DRIVER WELCOMES THE ASSISTANCE

BLIND SPOT INFORMATION SYSTEM

With the Technology Package and Advance Package, radar units on both rear quarter panels monitor blind spot areas. They activate a warning light near the side mirror when a vehicle is detected. If the turn signal is engaged with a vehicle detected in the blind spot, the light flashes and an audible warning sounds.

Information Provided by DEALER E-PROCESS

CONFIDENCE CAN BE ENGINEERED

Nearly 40% of MDX owners are driving their second (or third) MDX. Perhaps it's not the sculpted looks, inspired performance or intuitive technology that keeps them coming back, but rather the simple assurance that MDX does everything in its power to help keep driver and passengers safe.

INTERIOR FEATURES

- Sport seats with stain resistant leather-trimmed interior
- Driver's 10-way power seat with power lumbar support
- 2-driver memory system for driver's seat, side mirror and steering-column positions plus audio and climate settings
- Front passenger's 8-way power seat
- Heated front seats
- 3rd-row access one-touch smart slide walk-in
- Sliding 2nd-row seats with adjustable seatback angle
- 60/40 split folding 2nd-row seat
- 50/50 split folding 3rd-row seat
- Multi-function front center console with sliding tray
- Leather-wrapped steering wheel and gearshift knob
- Keyless Access System with smart entry, pushbutton ignition and Acura personalized settings
- Tri-zone, dual-mode automatic climate control system with humidity control and air filtration
- Power windows with auto-up/down and auto-reverse
- Steering wheel-mounted controls (cruise control, audio, phone, Multi-Information Display and available voice recognition)
- Electronic tilt and telescoping steering column
- Ambient cabin lighting
- Hidden cargo storage with smart lid
- Active Sound Control
- 12-volt power outlets (center console, front armrest and cargo area)

EXTERIOR FEATURES

- Power moonroof
- Remote-operated windows and moonroof-open function
- Remote-linked power-operated tailgate
- Jewel Eye™ LED Headlights
- LED-illuminated taillights, side mirror-integrated directional signals, rear license and Center High Mount Stop Light
- Acoustic windshield and front side glass
- Rear privacy glass
- Intermittent rear-window wiper

MEDIA & CONNECTIVITY

- On Demand Multi-Use Display™ (ODMD™)
- Acura Premium Audio System with 8 speakers
- CD, MP3, WMA[6] compatible disc player
- USB[7] Audio Interface with iPod®[8] integration
- MP3/auxiliary input jack
- Aha™ compatibility
- Pandora®[45] compatibility
- SiriusXM® Satellite Radio[4]
- *Bluetooth*®[11] streaming audio
- *Bluetooth*® HandsFreeLink® wireless telephone interface
- SMS, MMS text message and email capability[44]
- Speed-sensitive Volume Control (SVC)
- 8-inch color display
- Multi-Information Display (MID)
- HomeLink®
- Compass
- Maintenance Minder™ system

DRIVER CONVENIENCE

- Cruise control
- Hill start assist
- Auto-on/off headlight operation with wiper integration
- Heated side mirrors with reverse gear tilt-down

SAFETY & DRIVER ASSISTIVE TECHNOLOGY

- Multi-view rear camera[50] with dynamic guidelines
- Dual-stage, multiple-threshold front airbag (SRS)
- SmartVent™ front side airbag
- Side curtain airbags
- Driver's knee airbag
- 3-point height-adjustable front seat belts with load limiters and automatic tensioning system

3 Does not apply to fluid and filter changes or periodic inspections. Please refer to the maintenance section of your owner's manual to determine all appropriate maintenance intervals.

4 SiriusXM® Satellite Radio, subscription purchasable after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel. See SiriusXM® Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. Not all vehicles are capable of receiving all services offered by SiriusXM®. Current information and features may not be available in all locations, or on all receivers. XM satellite service is available only to those at least 18 years of age in the 48 contiguous USA and DC. SiriusXM® Internet Radio service is available throughout our satellite service area and in AK, HI and PR. © 2014 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.

7 The USB Audio Interface is used for direct connection to and control of some current digital audio players and other USB devices that contain MP3, WMA or AAC music files. Some USB devices with security software and digital rights-protected files may not work. Please see your local Acura dealer for details on compatibility.

8 Currently includes fifth generation or later Apple iPod, and all generations of iPod Nano, iPod Classic, iPod Touch, or iPhone®. iPod® and iPhone® are registered trademarks of Apple Computer, Inc., registered in the U.S. and other countries.

10 Acura Navigation System and related features available only in the United States, Puerto Rico and parts of Canada. See your local Acura dealer for information regarding navigation system area coverage.

11 The *Bluetooth*® word mark and logos are owned by the *Bluetooth* SIG, Inc., and any use of such marks is under license.

12 VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.

16 Ordinary maintenance items or adjustments, parts subject to normal wear and replacement, and certain other items are excluded.

17 When installed at the time of new-vehicle delivery.

18 See your local dealer for details about Total Luxury Care® (TLC), Roadside Assistance, and Concierge Service.

19 Some models require premium fuel and for others, it's recommended. Consult your dealer for details.

32 ELS Surround® and ELS Studio® are registered trademarks of Panasonic Corporation of North America. All rights reserved.

38 Based on 2015 EPA mileage ratings. Use for comparison purposes only. Your actual mileage will vary, depending on how you drive and maintain your vehicle, driving conditions, battery pack age/condition (hybrid only) and other factors.

44 Compatible with select phones with *Bluetooth*® only. Your wireless carrier's rate plans apply. State or local laws may limit use of texting feature. Only use texting feature when conditions allow you to do so safely. Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

45 Compatible with select smartphones. Your wireless carrier's rate plans apply.

46 Based on SAE J1100 cargo volume measurement standard.

47 Based on SAE J1100 cargo volume measurement standard plus floor space between first and second seats and front seats moved forward. This figure compares more accurately with most competitive measurements.

50 Always visually confirm that it is safe to drive before backing up; the rear view camera display does not provide complete information about all conditions and objects at the rear of your vehicle.

53 Adaptive Cruise Control (ACC) with Low-Speed Follow cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather or on winding roads. The driver remains responsible for avoiding a collision.

55 FCW cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by high interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions.

56 LDW only alerts drivers when lane drift is detected without a turn signal in use. LDW may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.

57 AcuraLink Real-Time Traffic™ is operable only in select markets within the 48 contiguous United States, as well as Vancouver, Toronto and Montreal. The service is available at no cost for three years after purchase whereupon it will continue to be available on a subscription basis.

59 LKAS (Lane Keeping Assist System) only operates when lane drift is detected without a turn signal in use. LKAS may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.

70 Credit card and AcuraLink The Next Generation enrollment required to sign up for 90-Day Free Trial of AcuraLink Premium. For owners with Standard package enrollment, credit card will be billed for 1-year Premium package subscription if 90-Day Free Trial not cancelled by day 90. For owners with Connect package enrollment, credit card will be immediately billed for 1-year Connect package subscription, and the difference between the 1-year Connect and Premium packages will be charged if 90-Day Free Trial not cancelled by day 90. For owners with Premium package enrollment, credit card will be immediately billed for 1-year Premium package subscription. If you cancel by day 90, you will be refunded the Premium package subscription fee. If you do not cancel, your 1-year AcuraLink Premium subscription begins – giving you 15 months for the price of 12.

72 Only available on select, navigation-equipped 2014 and 2015 RLX and MDX models. Accessing vehicle maps with a smartphone, tablet or PC requires a Connect or Premium subscription. See Packages & Pricing for details.

73 Connect features are not available on all RLX and MDX models. Smartphone and web-based connectivity require a Connect or Premium subscription. See Packages & Pricing for details.

74 Assist features are not available on all RLX and MDX models. Live support and automatic request for emergency response services require a Connect or Premium subscription. See Packages & Pricing for details. If the vehicle is unable to make a cellular connection due to signal strength, location or other technical difficulty, automatic request for emergency response services will not occur. Neither Acura nor affiliated service providers can control whether emergency responders will respond to any request for emergency services or do so in a timely manner.

75 Live, concierge services are not available on all RLX and MDX models. Live personal assistance requires a Premium Package subscription. See Packages & Pricing for details.
